E. W. M'Lellan Stricken After Hunting Trip

Week-End Picnickers Accidentally Find Big Sur Victim

Exposure, resulting from an accident on a hunting trip when he fell in a ravine and remained there helpless all Friday night, caused the death Tuesday of Edgar W. McLellan, 68, Burlingame pioneer and "father" of the flower industry in San Mateo county.

McLellan died of pneumonia at Mills Memorial Hospital where he was taken Sunday.

While hunting deer in the Big Sur district in Monterey county Friday morning, Mr. McLellan stumbled into the ravine.

Stunned by the fall he could find no way to get out and was forced to stay there until he attracted the attention of picnickers Saturday morning.

They raised him out of the ravine with ropes and gave him food, reporting that the elderly huntsman had given no sign of being seriously hurt.

But while Mr. McLellan was driving to San Mateo he apparently fainted at the wheel and his car crashed through a fence three miles south of Castroville. A passing garage man discovered the wrecked machine and he, too, thought that its driver was not seriously injured. He telephoned two sons, however — Roderick and Wakeman McLellan—who came to get their father and took him back to Burlingame.

It was not until Sunday they realized his condition was serious and rushed him to the hospital.

Mr. McLellan was one of the first florists on the peninsula. He owned flower stores both in Burlingame and San Francisco.

He is survived, besides his sons, by his widow, Mrs. E. W. McLellan, and six other children: Mrs. Anna Whaley, Edith McLellan, Edgar G. McLellan, Mrs. Eleanor McCracken, Helen McLellan and Mrs. Margaret Herriot.

Old CWA Plan Revived to End Job Red Tape

$80,495,000 Is Sent To California For Relief

Work relief officials today revived the old CWA system of making blanket allotments to individual states from the $4,880,000,000 job funds to make good on the new deal promise to employ 3,500,000 needy by November 1, the United Press announced.

The allotment included $80,495,795 for California.

The announcement from Washington came as a survey disclosed great uncertainty in many states over the relief situation, and as the county supervisors hesitated on approving the new budget until the situation is clarified.

The board is prepared to approve the budget tomorrow, but no relief funds in the way of doles have been provided.

Alarm was expressed by the board Monday over the failure of WPA projects to start, but the board was given some assurance at that time that the dole would not be thrown onto the county "at least for the present."

The return to the CWA program and the release of some of the huge funds tied up in Washington red tape may have relieved the situation for the county.

Administrator Harry L. Hopkins under the old Civil Works Administration had distributed $1,000,000,000 in wholesale batches to state directors to put 4,000,000 persons on federal payroll between November 15, 1933, and March 15, 1935.

He readopted the same tactics to accomplish the goal of the new program—transfer of some 2,750,000 needy from relief rolls to works projects. About 750,000 are employed now.

Progress of the program has reached a point where direct relief costs for September were estimated at less than for any other month this year. The allotment board set aside $75,000,000 to finance the dole next month, compared to $95,000,000 for August and $105,000,000 for July.

One-twentieth of a cubic centimeter is considered to be the approximate volume of an average drop of medicine or other liquid

COAST ROAD'S EARLY FINISH TO BE PUSHED

1000 at Picnic Hear Skeggs Promise Aid For New Route

Assurance that he will do all in his power to push completion of the coastside highway, was given nearly a thousand San Mateo, Santa Cruz and San Francisco residents Sunday by Col. John Skeggs, state highway division engineer, when he spoke at the barbecue-picnic in Butano celebrating the letting of the contract for the first unit of the new state road.

At the same time, Colonel Skeggs expressed doubt the Ocean Shore railway ever would be reconstructed, in spite of announcements that it would be rebuilt and work having already started on the route.

According to Colonel Skeggs, the new automobile highway will shorten the route between San Francisco and Pescadero by 16 miles.

Completion of the road will be made as soon as money becomes available, according to Skeggs.

Timothy Reardon of the highway departmnt was also present at the picnic.

Neither Governor Merriam nor Lieutenant Governor Hatfield attended, as was expected. Senator Harry Parkman spoke on behalf of the governor. Col. Frederick Peterson, assemblyman from this district, also was present.

Other speakers included Supervisor Albert Witt, who expressed belief the federal government would find the new coast highway to be a strategic defense artery; Judge Manuel Bettencourt of Half Moon Bay, representing the Coast Civic Union, who credited Heim Goldman, former president of the Federation of Improvement Clubs, and Ray Higgins, coast real estate agent, with having done much to get the highway work started; T. Louis Chess; Superior Judges A. R. Cotton and Maxwell McNutt; Supervisors Fred Beer and Manuel Francis; John Casey, San Francisco engineer; Joseph Phillips, San Francisco right-of-way agent, and others.

Congressman John J. McGrath wired regrets at being unable to attend the picnic.

Chairman of the successful picnic was Phillip Travers, assisted by C. E. Humphries. Steaks, ice cream, salad, beans and other food were enjoyed by those attending.

Exchange Hears Of Flower Fete, Scout Regatta

Informed of two forthcoming events, the Sea Scout regatta in Redwood Creek on this week-end, and the county floral festival in October, the Redwood City Exchange Club Tuesday voted to participate fully in both of them.

Donald Saunders and George Coykendall, Redwood City Sea Scouts, appeared as guests of the club and told of the regatta plans.

Mrs. F. M. Perkins of Redwood City, in charge of the rare bird exhibit at the fiesta, told of the plans for the county-wide floral celebration.

Merlin Stokes, who was heard on the KYA amateur hour on Monday night, entertained the club with two songs, "Accent on Youth" and "Roses of Picardy." He was accompanied by Kendall Towne.

The club last night cast popularity votes for Stokes in order to assist him in winning further appearances. He appeared as No. 8 on the KYA program and those in Redwood City wishing to vote for him should send their postcards to KYA at once, voting for No. 8. Wilbur Doxsee was chairman.

Supervisors to Seek Coast Highway Funds

Funds for the Ocean Shore highway will be sought in Sacramento tomorrow by the board of supervisors, following a budget hearing set for 9 a.m. here tomorrow. The board will rush to Sacramento to confer with the highway commission at the state budget hearing.

The board is expected to set the county tax rate here tomorrow at $1.05 per $100, as tentatively agreed last Wednesday.

ROBERT DODGE RITES

Private funeral services were held at 11 o'clock Tuesday in Burlingame for Robert Craig Dodge, 21, son of Mr. and Mrs. Rowland B. Dodge of 1527 Waverley street. The young man died suddenly on Sunday from influenzal pneumonia while working in San Mateo county. The services were conducted by Dr. Willard B. Thorp, pastor of the First Congregational Church of Palo Alto, to which the Dodge family belongs.

August Storm Brings .29 Inch To Set Record

First Early Downpour In 5 Years Recorded; Damage Feared

Redwood City's first August rain in five years and the second since 1925 on Monday had left .28 inch of rain here for a record fall for this early in the season.

If the rain does not continue, more good is expected to be derived from the downpour than harm, according to County Agricultural Commissioner Max J. Leonard.

Continued rain would result in mildew on coastside peas and on flowers, it was feared, and would also damage baled hay now in the field. Asters may even be spotted already, it is believed. Prunes in the extreme southern end of San Mateo county and in Santa Clara county may be damaged.

Early reports from the coastside were that some damage had been caused, Leonard said.

Although several "sprinkles" were felt during the day Sunday and in the night, it did not begin to rain with any degree of persistence until about 5 a. m. Between then and 8 o'clock .04 inches of rain fell, with .25 between 8 a. m. and 2 p. m.

Last year's rainfall did not start until in September, when .10 inch of rain was recorded.

In 1930 only .08 inch was recorded in Redwood City in August, according to figures kept by City Gardener George Hopkins, and in 1925 but .10 inch was received here. Hopkins' records go back only as far as 1924.

That the rain was general over the peninsula was seen when Palo Alto recorded .43 inch up to this afternoon; San Mateo, .22, and Mills Field, .21. Temperature at Mills Field was 69 at noon. It was the first August rain at the airport since 1927.

AWARDS LISTED FOR SCOUT MEET

Outstanding Regatta Ship Will Receive Council Banner

The outstanding ship at the Sea Scout regatta in Redwood City on Saturday and Sunday will be honored with the San Mateo County Council award banner. The best uniformed and best appearing ship's crew will receive the International Signal Code Book.

Each member of the group winning the highest points for inspection of quarters will be given a lanyard, while the leader will receive a boatswain's pipe. The winner of the motor boat inspection will be awarded a fire extinguisher and a deck-swab set.

Other contest prizes will be: anchor and bilge pump for sailboat inspection; ship's bell and San Francisco bay charts for flotilla drill; ship's compass and boat hook for the sailing race; a ring buoy and mooring line for the swimming race; pair of skiff oars and a fog horn for the pulling race; field telephone and telegraph, and a heliograph signal set for signaling; field glasses and national colors for first aid.

Agricultural Talk Set for Sept. 1st

Dr. H. E. Erdman, professor of Agricultural Economics, University of California, will speak on "Marketing California's Agricultural Products" on the State Chamber of Commerce program "Economic Progress in California" over KSFO next Sunday, September 1, from 2 to 2:15 p.m.

At present the state chamber is featuring a series of discussions on various phases of agricultural development in California. The speakers who will appear on this weekly program are L. J. Weishaar on "Protection for the California Producers" on September 8; and L. H. Rochford on "The Livestock Industry in California" on September 15.

Crapuchettes Free Of Reckless Charge

Leon Crapuchettes, San Carlos attorney's assistant, was found not guilty of reckless driving after a court trial before Judge Edward I. McAuliffe yesterday afternoon. Crapuchettes was represented in court by Attorney George P. Larrouy.

2850 Students Undaunted By Rain As Classes Resume

Although rain lent a wintry touch to the opening of schools Monday, the throngs of Sequoia students who flocked in the halls getting locker keys and preparing for class work which started Tuesday chattered about summer sports, beaches, swims, dances and vacation trips.

Approximately 1150 students were reported attending the high school, while in the elementary schools, where attendance was cut heavily by the rain, more than 1700 pupils were reported. Both registrations will be greatly increased, officials believe.

The girls' gymnasium and the auditorium were the only two buildings not in use at the high school. The rain did some slight damage to plaster on a section of the gymnasium left exposed while work was in process on the roof. Offices and lockers of the gymnasium were in use, however, and scrubbing and waxing of the floors will put the structure ready for use as soon as the roof is completed this week. In the auditorium plaster must dry before painting work can be carried on. The same scaffolding used in the earthquake-proofing of the building will be employed for the painting.

All Sequoia teachers were present except three: Miss Louise Watkins and Miss Mildred Proctor, who are enroute here from England, and are expected in several days, and Frank Griffin, athletic director, who is returning from a trip to the Orient.

JAPANESE FORM CITIZEN LEAGUE

Native Born Organize To Win Fellowship Of Americans

With about 40 Japanese-Americans attending, including some of the most noted of their leaders, the first inaugural banquet of the newly-organized Japanese American Citizens' League of San Mateo county was held at the Hotel Benj. Franklin in San Mateo Saturday night.

Keynote of the meeting was Americanism and second generation progress.

The Japanese-Americans opened the banquet with a pledge of allegiance to the Stars and Stripes after Sheriff James P. McGrath had presented the new chapter with an American flag.

The purpose of the league, one of 33 chapters on the Pacific coast, is to win a better understanding by fellow Americans of the new Japanese-Americans.

District Attorney Gilbert Ferrell, honorary speaker, welcomed the new league and declared its need because Americans as a whole are so woefully ignorant of the Japanese people, he said. Ferrell said the first reaction of most Americans is to regard the Japanese as aliens and that it is difficult to realize that the American-born among them have equal rights of citizenship with Americans. He himself expressed surprise, after being invited to speak, to find them speaking the common American language, eating the same food, and pledging allegiance to the same flag.

Ferrell paid tribute to Japan as a great power and said the Japanese-Americans had a large responsibility in continuing the friendship which has always existed between the two countries.

Saburo Kido, attorney at law and executive secretary of the national council, welcomed the new chapter. He told of the necessity of gaining friends for the league in order to combat anti-Japanese legislation and to spread an understanding that the American-born are loyal to the United States. James Sakamoto, editor of the Japanese American Courier of Seattle and of the Pacific Citizen, league organ, urged the Japanese-Americans to "live, do and build as Americans," and "to be good representative Japanese in order to be good Americans."

Tsurumatsu Saiki, secretary of the Japanese Association, speaking for the first generation Japanese, said they were looking to the league to take over the work of the older Japanese.

Introduced were K. Muneno, Pescadero, and I. Takahama, San Mateo, as World War veterans, and a number of leading first generation Japanese, including K. Inouye, Redwood City nurseryman. Also introduced was Tamotsu Murayama, of the New World Sun, San Francisco.

Saiki Muneno of Pescadero, president of the chapter, presided. Grace Honda of Redwood City is corresponding secretary.

100 Men Available For County Project

Sponsorship by the county of a project to occupy 100 of the single unemployed men located at the Memorial Park state transient camp was requested in a letter from H. A. R. Carleton, transient service director, filed today with the board of supervisors.

The request grew out of the amalgamation of the former transient service with the Works Progress Administration. The balance of the men in the Memorial Park camp have been requested by the state forestry division, according to Carleton.

Projects are being sought for all the transient men located in the more than 30 camps in Northern California.

MENLO PARK RATE SET AT 45 CENTS

But 75-Cent Special Tax to Be Levied For 1915 Bonds

A tentative tax rate of 45 cents for the fiscal year 1935-36 was agreed upon Tuesday by the Menlo Park City Council. A special adjourned meeting will be held Friday at 7:30 to hear the public on the budget.

The rate represents one of the lowest in California and if finally approved will mean a reduction of 40 cents from last year.

Assessed valuation of all property, real and personal, was estimated at $1,897,671.

Anticipated expenditures were figured at $13,112 for the general fund and $1070 in the street fund, or $14,182. Revenues from sources other than property and utility taxes were computed at $6773. Needed revenue was estimated at $7409.

SPECIAL 75-CENT TAX

However, there will be a special tax of 75 cents on each $100 which will be paid during the year to meet delinquencies in the street bond redemption.

The council voted to restore a $15 cut in the salary of James O'Keefe Jr., city attorney. Mayor James Cooper praised O'Keefe for successful efforts in obtaining the transfer of 22 street lights from the city to the Menlo Park Lighting District at a saving of $1050 annually.

J. B. Glunz, building inspector, appeared bearing the request of C. Genasci to construct a residence on El Camino Real near Harvard avenue. The location is in zone D which has been closed to residences. The permit, however, was approved.

J. B. Huggins, Hugo May and George W. Allen of Hermosa way, by letter desired authorization to provide new oil and screenings on the street. The property owners pointed out that the only cost to the city would be the employment of four laborers. The council approved.

A letter from Col. John Skeggs, of the state highway commission, stated that reimbursements from the highway tax fund must be secured by September 15 when certain Menlo Park streets will be removed from the state secondary highway system. The city can obtain $667 to expend improving Santa Cruz avenue. The project was taken under advisement.

Menifee Heads Fund Campaign For Local 'Y'

Plans for the coming campaign for funds were discussed Monday at a luncheon meeting of the Redwood City Young Men's Christian Association committee, headed by B. E. Meyers.

Norman Menifee was appointed chairman of the campaign, and Meyers was named to head the mail solicitation effort prior to the personal visitation.

Report of the work during the secretaryship of Roy Hohberger, who will shortly leave for Salinas, was made. During this period the local association has grown from three clubs with an enrollment of 50 to 15 major club groups with 812 enrolled.

Campaign committee chairmen of the peninsula attended a meeting last evening at the Burlingame "Y" offices, to formulate plans for the united drive set for the middle of September. Ira Potter of South San Francisco presided.

COAST TRIP ENDS IN JAIL

A trip to Half Moon Bay and return to San Francisco resulted Monday in the arrest in the bay city of Theodore Kurrell, 26, theatre usher, on a statutory charge and contributing to the delinquency of a minor.

Port District Plan Carries At San Jose

Only 20% of Voters Go to Polls; Bond Issue Up Next

With only 20.6 per cent of the district's voters casting ballots, San Jose and neighboring communities yesterday, by a 412 majority, authorized the formation of a port district and elected three harbor commissioners.

The vote was 4404 "Yes" and 3992 "No."

Commissioners elected were J. S. Williams Sr., T. M. Wright and A. M. Meyer.

While six San Jose precincts gave a slight lead to the opposition the two in Santa Clara gave the heaviest "No" negative with 208 votes for and 403 votes against the port formation.

FEDERAL GRANT NEXT

The total vote of 7,984 in San Jose was 26 per cent of the 30,210 registered voters and Santa Clara showed a close interest with a 25 per cent vote cast of those eligible.

Alviso favored the proposal 39 to 25 but Burbank registered opposition to the district by five votes.

The next step, according to proponents of the deep water port, is to get the final approval of a federal PWA grant totaling $1,110,000 which will be urged in Washington by Congressman John J. McGrath. This will be followed by submission of a $990,000 bond issue.

SPONSORS GRATEFUL

William P. Butler, chairman of the citizens' committee that cooperated with the chamber of commerce and the San Jose Deep Water Port Association in the campaign for the formation of the district, issued the following statement last night:

"The election is a tribute to the intelligence of our voters and the wholehearted and unselfish devotion of the press and those other public spirited citizens who worked shoulder to shoulder to assure the future of our valley."

S. F. IGNORES ANTI-GARBAGE DUMPING PLEA

Ferrell Says County Will Be Restrained From Interfering

San Francisco likely will continue dumping its garbage in this county after September 1 in spite of cancellation of contracts by the Bayshore Sanitary Board, it appeared today.

Reasons for this belief were based on two facts:

1. San Francisco's supervisors late yesterday voted to continue dumping the garbage at Bayshore City for the next 10 years.

2. District Attorney Gilbert Ferrell reported today that an old restraining order issued by Santa Clara county more than a year ago is still effective, preventing this county from stopping the dumping.

As a result, a proposed election to be held at Bayshore in the near future, sanction for which was given today by Attorney Frank V. Kington, counsel for the sanitary board, likely will have no effect on the garbage situation unless further court action is taken.

In voting to continue the garbage dumping, San Francisco's supervisors ignored the mandate of the Bayshore board cancelling permits, and Attorney Sylvester Andriano, counsel for the scavengers, reportedly scoffed at the idea this county could prevent the dumping.

Andriano again offered to post $50,000 bond that the garbage dumping would be continued.

New Addresses Given For Redwood City

New addresses recorded in Redwood City during the past 10 days include the following: Mrs. June Roper, 3029 Broadway; Noble W. Hill, 228 Fulton: R. C. Byrns, Lakemead Way, Emerald Lake; A. L. Cowin, 428 Birch; Reid Butler, 1503 Jefferson; C. L. McKesson, Emerald Lake; Winifred Wilson, Glen Crag Way; California Floral Co., 429 Chestnut; J. R. Wilson, 270 Lincoln; Albert Schroeder, Lakeview Way, Emerald Lake; A. G. John, 254 Poplar; H. W. Hougham, 419 E. Fuller; Mrs. A. Douglass, 60 Lowell; Mrs. G. V. Shields, 3107 Broadway; Mrs. A. H. Muth, 1720 Middlefield; E. Frank, 416 Clinton; M. L. Jennings, 1004 Iris; J. Jacobsen, 1337 Jefferson.

FOUR INJURED IN BAYSHORE CRASH HERE

Two Pedestrians Hit, Many Others Hurt Over Week-End

One man was in a serious condition, another was badly hurt, and nearly a score of motorists were injured as the result of a number of week-end accidents in this county.

Most seriously hurt was William J. Burns, 25-year-old Santa Cruz man. He suffered a fractured skull when the car in which he was riding with Harold B. Jones, 36-year-old insurance company manager of Modesto, and one driven by Ivan W. Schuff, 23, of San Francisco, collided on the Bayshore highway a mile south of Redwood City Saturday night at 10:35 o'clock. Jones incurred a possibly fractured pelvis, hip and arm. He is in Community Hospital. Burns was transferred today to Santa Cruz Hospital.

Also injured in the crash were Schuff, who suffered forehead cuts and bruises, and 15-year-old Robert Chaplin of San Francisco, who was cut. Three young women and another man whose names were not learned were riding with Schuff, officers learned. The four whose names were given officers received emergency treatment from Drs. Mason and Monteith at the local Emergency Hospital.

FAULTY BRAKES BLAMED

The accident happened, state highway patrolmen said, when Schuff's machine skidded due to faulty brakes and crashed nearly head-on into the northbound Jones' machine.

Two pedestrians were struck down in the north end of the county Sunday night.

Angelo Beccu, 41, while crossing the highway near Baden at 8:30 o'clock, was hit by a speeding car which did not stop. He suffered minor injuries. Tony Poltone, 24 of Millbrae, ran into the path of the machine driven by Joseph Fogarty, 29, of San Francisco. The accident happened near Millbrae at 10:30 p. m. Both men were taken to South San Francisco Hospital.

Dan P. Casey, 52, of San Francisco, was injured at 8 o'clock last night when the car in which he was riding with Southern Pacific Vice President Joseph Saunders, San Francisco, overturned on the Bayshore highway near Belmont when it left the roadway.

FOUR HURT AT S. S. F.

Four motorists were injured at 3 a. m. Sunday when cars driven by Mrs. Meyer Stein, 19, of Nebraska, and Nick Katches, 22, of San Francisco, collided head-on four miles north of South San Francisco on the Bayshore highway. Hurt were the two drivers and John Acaccia, 20, and Peter Lamb, 22, both of San Francisco.

Mrs. Stein suffered chest injuries, cuts and the loss of several teeth. Katches incurred internal injuries. Acaccia and Lamb were cut by glass.

Drivers of three cars which collided on the Bayshore highway at Brewster street, Redwood City, miraculously escaped injury at 10:20 a. m. Sunday. The car of Lester C. Elmore, San Anselmo, turned over after striking machines driven by Edward N. Jackson, San Francisco, and Cecil F. Milligan, San Jose, local police reported.

HURT IN PICNIC CRASH

Miss Elizabeth Hogan, 22, received a cut on the abdomen when struck by flying glass from a shattered windshield after a collision at Oak Cove Park, near San Mateo, where she had attended the peninsula Eagles' all-day picnic.

When a rear tire blew out and the car in which they were riding overturned on El Camino Real near Burlingame Sunday, two San Jose women, Mrs. J. G. Waters and Mrs. A. Wilson, were slightly injured. Mrs. Waters received a knee injury and Mrs. Wilson a cut over her right eye. The driver, William J. Sullivan, also of San Jose, was uninjured.

32 Attend Dinner Of Fire Chieftains

SAN CARLOS, Aug. 28.—Thirty-two fire chiefs and friends representing fire departments of San Francisco, San Mateo, San Jose, Menlo Park and other peninsula cities and affiliated with the Peninsula Fire Chiefs' Club, were the guests last evening of the San Carlos Fire Department, with Fire Chief Edward J. Wheeler as master of ceremonies.

The group met at the city hall where Lieut. Louis Casserly of the San Francisco Fire Department, spoke on the advantages to a fire department from an efficiency standpoint in having a drill tower.

At the conclusion of the business session the group assembled at a San Carlos tavern where supper was served.

O'Brien Body Located After 11-Day Search

Missing San Matean Came to His Death In Eleanor Pool

The Tuolumne county coroner Tuesday was notified that the body of Harry J. O'Brien, prominent San Mateo business man lost for 11 days in the high Sierra wilderness, has been found in Eleanor creek by a searching party, the United Press reported from Sonora.

The coroner was called a short time after the search began Tuesday, with 10 forest service men added to the rescue expedition which was draining the high mountain stream in an effort to locate O'Brien's body.

After scouring the remote area on foot, on horseback and with dogs, and conducting an aerial survey, searchers abandoned all hope of finding O'Brien alive, but the search for his body was continued unabated.

The additional rangers joined the searching party as the result of a telephone call by Congressman John J. McGrath to S. B. Show in Washington, regional director of the rangers in the west, it was announced. McGrath telephoned Sunday and the reinforcements came yesterday.

O'Brien is credit manager for the San Mateo Feed and Fuel Company. He has a wife and three children. The family home is at 31 West Poplar avenue, San Mateo.

Search Opens For Mechanic Lost in Hills

Ted Kroecki Missing Since Outing Of Eagles

County sheriff's officers were searching Thursday for Ted Kroecki 26, of San Bruno, who disappeared Sunday following the picnic of the Eagles at Oak Cove Park, near San Mateo.

Kroecki, his brother, Paul, reported to the sheriff, rode off from the picnic on horseback, alone.

The last time he was seen was by the keeper of Sawyer's ranch near Crystal Springs Lake. Kroecki was muttering to himself at the time and seemed to have been drinking, the keeper reported.

A mechanic in a Millbrae garage, Kroecki was said by his brother to have been dressed in a white cap, polo coat, gray-blue pants, and brown and white shoes.

Officers fear he may have fallen into the lake and been drowned.

Teletyped descriptions of the missing man have been sent out over the state.

'Little Theatre' To Be Nickname Of New Redwood

Strange as it may seem, patrons of the Redwood Theater have actually changed its name to "The Little Theater."

Everywhere in Redwood City, according to the management, patrons are heard to say, "We are on our way or we have just returned from the 'Litle Theater.'"

The management therefore has announced that it will adopt it as the nickname.

The theater gets its name from its smaller seating capacity, but it possesses the same fine qualities, including comfort, sound, decorations and service and exhibits the big major hits, it is pointed out by the owners.

Hill Will Head Paddleford Firm Branch Agency

Noble W. Hill is announced as the new branch manager for the Redwood City branch of Cadillac, LaSalle and Oldsmobile by the Geo. W. Paddleford Inc. Mr. Hill has moved his family to this city and has located at 228 Fulton street.

Hill has been in the automobile business for the past 15 years, including positions in San Jose and Stockton. He is a past commander of the American Legion.

MENLO PARK NEWS

Miss Ruth Rugaard, Walnut Grove, is a guest of Miss Carmel O'Keefe.

James G. Mason and family have returned from Seabright after having spent the summer at the seashore.

Mr. and Mrs. Felix S. McGinnis and their children will return from their summer home at Brockway, Lake Tahoe, where they spent the summer, on Monday. Mr. and Mrs. McGinnis plan to remain in Menlo Park until October first when they will occupy the old Miss Phelan home, San Francisco. McGinnis purchased the home some time ago. The large dwelling has been undergoing repairs for the past three months.

Local sportsmen are disappointed in not being able to hunt doves on September first as heretofore. The federal government has closed the season in this section of the state. The government has jurisdiction over all migratory birds and may open or close seasons.

A sport dance is planned by St. Joseph's Alumni Association in the auditorium of the Central School for Saturday evening. Bud Whittaker's orchestra will furnish music for the occasion.

At a regular meeting of Menlo Park Parlor, Native Daughters of the Golden West, Monday night, plans were made for the annual card party which is given jointly with the Native Sons of the Golden West for the benefit of the Homeless Children fund. The party will be held in Central School Auditorium. Monday, October 7, at 8:15 p. m. Score cards 25 cents.

Mr. George Condos, who has been very ill in the Palo Alto Hospital, was removed to the diagnostic center in Fore Miley Monday.

Mrs. W. Moore, past president of Missouli, Mont., unit American Legion Auxiliary, and Mrs. A. Malpas, a gold star mother, were special guests at Tuesday night's meeting of the American Legion Auxiliary. President Isabelle Weeden Lindquist made her convention report. Catherine Derry served cake and coffee after the meeting.

Mr. and Mrs. W. H. Weeden, their daughter, Isabelle Weeden Lindquist, her children, Emma Roberta and Billy, are dividing their time between St. Helena and Sacramento this week-end. They will attend the Vintage Festival in St. Helena and will stop in at the state fair at Sacramento.

The San Mateo County Council of the American Legion Auxiliary will meet in the Legion Hall tonight with Menlo Park and Redwood City units acting as joint hostesses. Bertha Brady of Burlingame will preside.

SUSPECT ARRAIGNED

Fred Stevenson, 30-year-old San Franciscan and former inmate of the Preston reform school, was arraigned Tuesday before Judge Edward I. McAuliffe on charges of burglarizing the California Market here. In lieu of bail, he was returned to the county jail to await preliminary hearing on the charge.

PLANS COMPLETED FOR ANNUAL MEET

Regatta Will Be Open To City Spectators For Three Days

Ample proof that the second annual Northern California Regional Sea Scout Regatta to be held here this week-end will be a gigantic affair was given last night when final plans were made for entertaining the 409 or more scouts and officers who have signed to anchor at least 29 boats in Redwood Harbor Saturday morning.

Registration for the three-day event, which promises a great time for the participants and entertainment for Redwood City residents, will take place Saturday forenoon.

During the afternoon, after assignment to quarters on Redwood creek, competitions of various sorts will be held. There will be signaling competition, first aid demonstrations, swimming races, a capsized boat demonstration, and other events.

Feature of the evening will be a parade participated in by city and county officials, U. S. Navy and Army representatives, coast guard officials, and the attending scouts and officers. The line of march will be on Main, Jefferson, Middlefield and Broadway.

When the parade breaks up, dancing at Foresters' Hall and a theatre party at the Redwood Theatre will provide entertainment for Redwood City's visitors.

Sunday morning will be occupied by assembly, inspections and a church service. Races and demonstrations will be given in the afternoon, with campfire programs topping the evening's activity.

The camp will break up Monday, with ships starting to leave by 9:30 a.m.

Full details of the program, to which the public is invited, will be published in tomorrow's Tribune.

Entrants to the regatta have been received from all the bay counties as well as San Joaquin, Calaveras and Sacramento counties. At least 12 ships will be present from San Francisco alone.

Present at last night's meeting were General Chairman Max J. Leonard, Council President I. Karmel, Sea Scout Commissioner Howard C. King, Deputy Commissioner Elmer Anderson, Camp Director Bert L. Werder, Scout Commissioner Victor Morgan, Commissary Chief E. L. Edmonds; Sea Scout Director Clyde Pearson; Postmaster George C. Jones and Executive Officer Norman Grant. The latter three are from San Francisco.

Peterson Will Assist State Relief Inquiry

Col. Frederick Peterson of Burlingame, assemblyman of San Mateo county, today was notified of his appointment as a member of the investigating committee looking into relief expenditures.

The appointment was made by Speaker Edward Craig of the assembly. Seven members were named.

Complaints over expenditures of relief moneys in the state are back of the investigation. The legislature voted $2500 for the probe.

Belmont Urges County to Build Library There

Construction by the county of a new building in Belmont to house that city's branch of the county library was urged on the board of supervisors today in a communication from the Belmont School District.

For 15 years the library branch there has been housed in a room in the Belmont school, but that room is now needed for school purposes due to growth of the institution, according to Clerk L. A. Barrett of the school board.

The building could be built upon the school ground, Barrett believes, and could be financed with WPA and county funds at a "nominal" cost.

Remedy Suggested For Bayshore Odor

"Obnoxious odors" from the tidelands at San Carlos and Belmont can be eliminated, in the opinion of J. W. Mettleauer and C. E. Knight.

The two today sent a letter to the board of supervisors, as follows:

"This is to answer the man's advice as to how to get rid of the smell from the bay at San Carlos and Belmont.

"Just let the S. P. Co. keep on with the fill and cover from Bayshore. That is the only way one can stop it successfully.

"The old waste has been there so many years one can't fumigate to do any good.

"What would San Francisco amount to if it wasn't for the fill and cover?

"In doing this we would rid the district of smell and mosquitoes."

The pair sign themselves "voter and taxpayer."

'Too Much Tennis' Causes Divorce Suit

To much tennis playing, among other things, was charged by Claire A. Palmer today in suing for divorce from her husband, Robert W. Palmer, said to be a teller in the First National Bank in San Mateo. They were married in 1930.

In asking for custody of the couple's one child, Adrian, 2, Mrs. Palmer charges her husband, from whom she has been separated since July, "devoted all his spare time to playing tennis." She also asks fees for her attorney, Daniel Hogan, and whatever further relief the court may deem suitable.

Other charges were that Palmer had treated her in a "cruel and inhuman manner," constantly quarreled with her and gone around in public places with other women.

Campfire Spreads To La Honda Trees

Left burning by campers a bonfire yesterday afternoon spread into some stumps and trees and threatened nearby grain fields and heavy timber at La Honda.

The blaze was extinguished by crews of men from the Memorial Park state transient's camp, under the direction of Fire Warden Bert Werder.

MACON PERSONNEL HONORED BY NAVY

Wiley Credited With Saving All But 2 Of Ship's Crew

Comm. Herbert V. Wiley and 46 other officers and members of the crew of the ill-fated airship Macon have won the navy's commendation for heroic conduct at the time of the disaster, according to a Washington dispatch of the Associated Press.

In recognition of their services during the loss of the Macon off Point Sur on February 12, Secretary of the Navy Swanson addressed letters of commendation to Wiley, who commanded the airship; Lieut. John D. Reppy and to Mrs. Ernest E. Dailey, widow of the Macon's radio man who lost his life in the disaster.

He also approved recommendations of the board of awards that Vice Admiral Henry V. Butler, commander aircraft, battle force, send similar letters to Lieut. Earl K. Van Swearingen and Chief Boatswain's Mate Robert J. Davis, and recommended that the exemplary conduct of the eight other officers and 33 of the enlisted crew be noted in their service records.

Secretary Swanson's letter to Lieutenant Commander Wiley credited him with taking measures "so effective that but two men out of a total of 83 were lost, this being by far the lowest percentage of loss ever known to have occurred in the case of a similar vessel."

Dog Owners Row Over Track Opening

Two dog racing associations were at war at Bayshore today with the possibility that the Town and Country Club track at Bayshore might not open next Monday, it was learned today.

The California Greyhound Breeders' Association, leader of the fight to legalize pari-mutuel bets at dog tracks, has voiced the opposition. The new club is scheduled to open with the close of Baden Saturday.

The rival association is the Golden Gate Greyhound Breeders' Association.

Cooley Takes Plane Right Into Station

Charles P. Cooley, commercial pilot-operator of the Redwood City airport who uses in his plane the engine from Admiral Byrd's "Miss America" which landed in the ocean at the end of an Atlantic ocean crossing, gave a Bayshore highway service station owner a thrill the other day, according to the story learned here.

Dropping down onto a field near Sunnyvale, Cooley reportedly taxied across the highway into the station operated by Jack Francis, and ordered, "Fill her up."

Cooley explained he likes to see the surprised look on the faces of station operators when he taxies up in the ship and askes to buy gas.

Coastside Pioneer Dies in San Mateo

HALF MOON BAY, Aug. 26.—Coastside pioneer and for the past 15 years a state horticultural inspector, George A. Mowry, 70, died yesterday in San Mateo following a month's illness.

He is survived by four children, William Mowry of San Francisco; Mrs. Joseph Marsh of Half Moon Bay; Harold A. Mowry of Lomita Park; and Mrs. Charlotte Bettencourt of Half Moon Bay. Mrs. Ada West of Berkeley and Harry and Charles Mowry of San Francisco, sister and brothers, also survive. The body was held in San Mateo pending funeral arrangements.

Belmont's Sanitary Board Sets Tax Levy

BELMONT, Aug. 27.—The Belmont Sanitary Board last evening set its tax rate for the year 1935-36 at 13 cents per $100 assessed valuation. This is the same rate as 1934-35.

The board voted to purchase four barrels of crude oil at 5 cents a gallon for cleaning sewers. The matter of the district purchasing a truck was turned over to the co-ordinating committee of the city. The co-ordinating committee comprises delegates from the four districts of the city. A truck purchased by all four districts would lessen the expense to each district, the board was told.

Death Ends Illness Of Herbert Cullen

SAN CARLOS, Aug. 28.—Long illness ended today in death for Herbert Cullen, 62. Resident of San Carlos, he died at a San Mateo hospital. His wife, Nola, survives. No funeral arrangements have been announced.

Hard Liquor Stamps Purchased by State

SACRAMENTO, Aug. 29 & — California bought $107,000 worth of new stamps today to tax the sales of hard liquor.

The stamps, 150,000,000 of them, will be affixed to packaged liquor The board of equalization, which awarded the contracts, expects the supply will last for two years.

They will replace stamps now in use, which have proved unsatisfactory because the board found they could be removed by soaking in a solution and used again.

NOTICE TO THE PUBLIC

In order to allay a rumor which was created during my absence on a month's vacation. I wish to state that Atkinson Realty Service has not been sold or taken over by H. R. Simpson or any one else. Mr. Simpson who was to have filled the position as assistant broker in our office is no longer connected with us.

I also wish to ask that any grievances augmented against our office during the past 6 or 7 weeks be taken up with me personally at once.

This article is for the purpose of assuring our many business friends and clients that our office is and will be under my personal supervision as long as it carries our name. I stand ready to correct any grievances created during my absence, or against any salesmen in my employ at any time.

ELIZABETH ATKINSON,
Realtor.

Good Material Missing at P.A. As Season On

Three 1st String Men Return From Last Year's Eleven

EDITOR'S NOTE: Following is the last of a series of five articles by Ray Leavitt, Sports Editor of the Palo Alto Times, covering the prep football situation in the Peninsula Athletic League.

With their first game scheduled September 20 with Santa Cruz preps, Palo Alto high school Vikings are taking the field daily for the start of another season of pigskin play.

Their coach, Hod Ray, hasn't much in the way of veteran material to work with this season—a situation that has been unchanged at the Palo Alto school for the last few years.

THREE VETERANS RETURN

Three veterans from last year's team will report for practice next month: Pete Bolich, end; John Hogan, tackle, and "Swede" Nelson, guard. The first string backfield won't be around this season and neither will a flock of good linemen who made the Viking forward wall a tough one to penetrate last year.

Front line reserves of the 1934 season who are expected to step in as regulars next month are Bill Roth, tackle; Bill Brady, guard, and Ray Muir, tackle. In the backfield there are Steve Ayres, Glen Herreman and Charley Anderson, halfbacks, and Bill Anderson, fullback, and Brenton Riley, quarterback. Ed Crotser, a guard last year, will be shifted to quarterback for next season's campaign.

FROSH-SOPH GRADUATES

A better than average crop of graduates from the freshman-sophomore team of last season are expected to fill in at the vacancies. Tom Shreve, last of the fighting brothers who gained fame at the Palo Alto school, will fill in for Bob Shreve, all-P.A.L. guard for three years. Bob will be on the Stanford freshman squad next season. Other frosh-sophs coming up are Farnum Fought and Jimmy Meredith, halfbacks; Stan Widaski and Thompson, centers; Al Vandervoort, guard; Don Westall tackle; Laverne Hansen, fullback, and Norman Garr, halfback on the frosh-soph team of two years ago Hank Norberg, freshman end, looked like a fine prospect in spring practice and Bob Thompson, a transfer from Monrovia High School, will be out for the center berth.

Dove Season Is Set For September 20-30

WASHINGTON, Aug. 29 (U.P.)—A presidential edict today proclaimed a dove hunting season for the southern states, which include California, in the last 10 days of September.

The season, as originally announced, from October 1 to November 15, was changed because of conflicts between state and federal laws.

Ex-Cherokee Beats S.M. Ace In S. F. Battle

'Young' Santiago Loses Gamely to Danny La Verne

By FRED GLOVER

Hugh Wedge, former Sequoian and son of Redwood City's "fighting parson," outboxed Hugh McPhillips of San Mateo, Pacific coast light heavyweight champion, to win the middle weight diamond belt championship last evening at civic auditorium where eight champions were crowned in flurries of flying leather.

Wedge, whose father, Fred, taught at Sequoia and later became a minister and professional boxer, had defeated the touted Calvin Addis of Inglewood to reach the final round.

SANTIAGO KNOCKED DOWN

Defeated—but gamely so—was Gilbert "Young" Santiago, local bantamweight. Danny La Verne's rushing tactics baffled the southpaw Porto Rican in the first round when Santiago was knocked down for a short count, and the Redwood City boy's closing rush was not enough to overcome La Verne's advantage. The knockdown cost Santiago the fight. The 118-pound title went to Bobby Siegel of Burbank, conqueror of La Verne in the finals. Santiago's gameness won the crowd and he received a big hand upon leaving the ring.

Biggest disappointment of the 22 fights was the miserable showing of Hugh Phillips, touted San Matean. Slow to attack and falling back on slugging when his boxing failed, McPhillips reached the finals on an unpopular verdict over Ken Robertson of Portland. In the all-San Mateo county middleweight final, predicted in yesterday's Tribune, Wedge's boxing won out against the coast champ's slugging.

WELTERS SENSATION

Sensation of the card was the thrilling battle between Morris Dragna of Culver City and Mario Duchini of Sacramento, welterweights. Slugging from bell to bell both boys knocked each other down several times, once hitting the canvas together. Dragna's straight punches finally defeated the game Duchini, wild swinging but willing.

Champions crowned were: 112 pounds, John Martin, Arizona Indian; 118 pounds, Bobby Siegel; 126 pounds, Clarence Spencer, Olympic Club; 135 pounds, Earl Booker, U. S. F.; 147 pounds, Morris Dragna; 160 pounds, Hugh Wedge; 175 pounds, Floyd Findley, Inglewood, and heavyweight, Girard De Clerq, Longshoreman's Union.

Kiwanians Attend Banquet, Visit Bridge

Redwood City Kiwanians, headed by Vice President A. C. Argo, attended a banquet Tuesday evening in Oakland honoring Harper Gatton, international president and Kentuckian. More than 600 members of the service club attended the affair at the Hotel Oakland.

EIGHT PENINSULA BURGLARIES CONFESSED BY S. F. YOUTH, 17

BURLINGAME, Aug. 29.—Confession of eight burglaries of as many Hillsborough homes was made here today, police reported, by William Lebscher, 17, who claims he is the son of a former San Francisco policeman of the same name. He was arrested here yesterday.

Police said the boy confessed taking loot from homes, entered sometimes under the guise of selling magazine subscriptions or by prying open screens and windows, totaling $800.

One of the homes admittedly burglarized by Lebscher, a student at the Commercial High School in San Francisco, was that of Dr. Ralph P. Scheier, owner of a sanitarium near Redwood City.

Lebscher confessed entering this Hillsborough house by cutting his way through a screen. Jewelry, several watches, and money totaling appriximately $100 in value were stolen.

Lebscher was arrested after a telephone call from a woman whose name police refused to divulge, to Claude Hirschey, Burlingame police chief, reporting a young man selling magazines and conforming to descriptions sent out by police of a "sneak-thief" frequenting Hillsborough was at her home.

The officers seized the youth, rushing him to San Francisco for questioning in connection with burglaries there. He will later be returned here for further investigation into peninsula activities.

Lebscher admitted, police said, the taking of watches, rings, currency and clothes, in "hauls" ranging from $50 to $600, from the homes of Raymond Welch, R. W. Weber, J. Heaton, Harry Hastings Jr., Dr. Clayton Wesbay, Capt. Edward McAuley and R. W. Forsythe.

Raviola Equipment Injury Brings Suit

Injuries suffered to his hand when he caught it in a raviola machine today resulted in A. Sartori filing a $1,000 damage suit in superior court against D. Baldini.

In his complaint, Sartori charges that while he was employed as a bartender October 25, 1934, by Baldini he got his left hand caught in the machine's roller, crushing and cutting the hand.

S. F. Insurance Agent Cited As 'Reckless'

BURLINGAME, Aug. 9—Harold Euck, 38-year-old San Francisco insurance salesman, must appear before Judge Rockwell Stone here September 3 on a charge of reckless driving. He was free today on $25 bail following his arrest on El Camino Real by city police.

The Egyptian shadow clock is the oldest existing timepiece in the world. One of these clocks, 3400 years old, is exhibited in the British Museum.

WPA Granted Funds To Give Women Jobs

WASHINGTON, Aug. 29 (AP) — President Roosevelt today allotted $20,218,000 of work relief funds to provide WPA jobs for 54,199 women in 41 states. Among the activities are canning vegetables and making clothing for the unemployed and a number of white collar jobs.

Miss Abbott Obstacle To 6th Vare Crown

MINNEAPOLIS, Minn., Aug. 29 (UP)—Miss Elizabeth Abbott of Los Angeles today took up the task of halting Mrs. Glenna Collett Vare's march toward another national women's golf title.

SEQUOIA STUDENTS WILL HAVE PARTS

Otis Carrington Named To Aid in Festival This Fall

A brilliant pageant, in which groups of young people from every community in the county will take part, began rehearsal this week, under the general direction of Fred Carlyle, famous stage director.

The pageant will be a feature of the San Mateo County Fall Fiesta, to be held at Bay Meadows, October 11, 12, 13.

The talent for the colorful spectacle will all be recruited from residents of the county. The lead part, King Sol, will be sung by Percy Hutchings, Coronis, his queen, by Ruth Tomlinson, and Daphne, in love with King Sol, by Charlotte Rider. A solo Indian dance will be given by Betina Norberg.

Olga Ziceva, former featured dancer with the Chicago Civic Opera, and lately in charge of some of the most exquisite ballets for motion picture production in Hollywood, will have charge of the Burlingame and San Mateo part in the ballet.

Menlo Park and Palo Alto will be trained by Charlotte Griggs, who is acting as assistant director of the pageant. Miss Truax, director of physical education for the South San Francisco High School, will train the dance numbers from that community. Miss Rose, dancing teacher, will drill the Daly City group.

Forty singers from the San Mateo Junior College with Frederic Roehr, head of the music department, directing, and 30 singers from Sequoia high school at Redwood City, with Otis Carrington, head of the music instruction at that institution participating, will be a brilliant part of the pageantry at the huge spectacle.

Each group will be costumed in new, specially made frocks, representing the flowers that will be shown at the fiesta.

Three Autoists Hurt In County Accidents

Afternoon accidents Monday resulted in injuries to three motorists in this county.

At 3 o'clock Davis Brost, 64, of Alberta, Can., suffered slight injuries when his machine collided with the one driven by Dr. Alphonso O. Shankey, 32, of San Bruno. The accident happened on El Camino Real in Colma.

At 3:30 Maria Benzo, 41, of Palo Alto, was injured when Flippo Benzo, 47, with whom she was riding, lost control of his machine near Olivet cemetery and it crashed into a power pole.

C. W. Baker, 34, of San Francisco, suffered a badly cut right foot when his car turned over at 5:30 p. m. on the Skyline boulevard.

S. C. Coffee Salesman Dies After Illness

SAN MATEO, Aug. 28.—Until a recent illness a resident of San Carlos, Clarence B. Whitaker, 76, coffee salesman, died today at a San Mateo hospital. He lived in San Carlos with his niece, Mrs. Genevieve Place. No funeral arrangements have been made known.

THIS CURIOUS WORLD By William Ferguson

NO TWO ORBITS OF PLANETS LIE IN THE SAME PLANE!
USING THE ORBIT OF THE EARTH AS A STANDARD, THE OTHER PLANETS TRAVEL IN PLANES TIPPED AT ANGLES RANGING UP TO SEVENTEEN DEGREES.
© 1935 BY NEA SERVICE, INC.
AUSTRALIA AND ANTARCTICA ARE THE ONLY CONTINENTS THAT HAVE NO LAND CONNECTION WITH OTHER CONTINENTS, AND ARE THE ONLY CONTINENTS THAT LIE ENTIRELY SOUTH OF THE EQUATOR!
The .500 EXPRESS BULLET, USED IN ELEPHANT HUNTING, HAS A STRIKING POWER OF 2½ TONS.

If the planets all traveled on the same plane, we frequently would see them passing directly in front of each other. Since their orbits lie in planes tipped at various angles, this is not a common occurrence. Pluto, the last of our planets to be discovered, travels on a path which is inclined 17 degrees from that of the earth.

Fire Department Grand Ball Set For October 19

With G. Locatelli to act as chairman, plans were outlined last night for the annual grand ball of the Redwood City Fire Department, which will take place in Foresters' Hall on October 19. Funds will help pay the $500 expended for new uniforms now being tailored.

Assisting Locatelli will be Harry Stevens, R. Drivon, J. Hundevadt, H. E. Homquist, Lester Hill, Gene Plecq, A. W. Russell, George Drivon, L. F. Lodi, Henry Tarrett and F. E. George.

Canfield Villa Burns With Loss of $5000

At a loss of $5,000, Canfield's Villa, roadhouse on El Camino Real south of Mayfield, burned to the ground early Sunday.

Apparently starting in the tap room, the blaze was discovered about 4:30 a. m. The loss consisted of the building, furnishings and liquor stock. No insurance was carried.

Owned by Mrs. Emma Wohlberg of San Francisco, the building was under lease to Mrs. Henry Grodzik, who was aided in management of the business by her son, Walter, and Miss Emily Canfield, a daughter who lives near Atherton.

Lack of water prevented Palo Alto firemen from fighting the flames.

SHIP RIGHTING FEATURE SET FOR REGATTA

500 Scouts to Parade Through Streets Saturday

A feature of the Sea Scout regatta to be held at Redwood harbor here Saturday, Sunday and Monday, will be a demonstration by the officers and crew of Ship 128 in righting a capsized whaleboat.

This San Francisco unit has a record of righting, bailing and setting sail on a capsized boat in 13 minutes. Skipper Ward A. Shoaf expects his men to break this record on Sunday.

Five hundred strong, the Sea Scouts will parade Saturday evening in Redwood City, led by the San Mateo Sciots' Band and that of the local scout council.

Following the parade, the scouts will enjoy a dance at Forester's Hall. The non-dancers will attend a moving picture show.

Every effort will be made to send the scouts to their various Northern California homes on Monday, carrying a good report of San Mateo county's hospitality, the committee plans.

Provision has been made to accommodate a large number of spectators for the many boating events and contests at the Yacht Harbor on Sunday. Parking space will be available for cars and the area will be under guard.

At the Saturday night dance, at which Duncan Reynard's orchestra will furnish music, local Kiwanians and their wives and Mrs. A. J. Weiss of Redwood City and Mrs. A. A. Roche of San Mateo, Rainbow order mother advisors, will be patrons and patronesses. The Kiwanis club is the sponsor of the Redwood City Sea Scout troop.

Merriam Boosted For Vice President

The first shot in a Merriam-for-Vice - President boom echoed throughout the state today as the mails carried letters to the Republicans of California presenting the governor's name as a candidate on the Republican ticket at the party convention in 1936. Reports had previously been current that Merriam might be suggested for the presidency.

Emanating from the California Republican Booster Club in Los Angeles, the letter urges that "Governor Merriam is unquestionably one of the outstanding Republicans of the western country. His distinguished service as governor of California, lieutenant governor, eight years a member of the legislature, state senator, speaker of the assembly, chairman of the Republican State Committee and auditor of the State of Iowa before coming to California, eminently qualifies him for the distinguished office of vice president of the United States."

Third P. O. Burglary Suspect Held in East

Arrest of a third man believed implicated in the burglary of the Loma Mar post office and store has been effected in Castel, Okla., according to word received here today.

He is Harold Beals, 27, ex-convict released from Folsom prison last April. He had been working in and around Loma Mar, and had even been employed at various times by Postmaster Walter Lang, whose store and office were burglarized of nearly $80.

Beals was arrested, deputy sheriffs said, when he was returning to his old home at Tulsa in a car which he had allegedly stolen in California.

Officers are returning him to this state.

COUNTY'S FINEST SHOW PROMISED

County-Wide Leaders Of Agriculture Aid Display

Max Leonard, chairman of the agricultural display for the San Mateo County Fall Fiesta which will be held at Bay Meadows October 11, 12, 13, today announced his four committees who will aid him in making the first display of agricultural products within the county a spectacular success.

Leonard, who is agricultural commissioner of San Mateo county, is confident that the coastside growers, as well as those in the eastern part of the county, will make a showing that will meet, and possibly surpass, anything that has ever been seen hereabouts.

The committees for the agricultural display include:

Executive Committe: Max J. Leonard, chairman, Redwood City; Frank Armenino, Colma; Frank Bell, San Gregorio; O. E. Blackington, Woodside; J. Armstrong, East Palo Alto.

Prizes and Trophies Committee: Judge M. J. Bettencourt, Half Moon Bay; A. Garibaldi, Colma; Ian Campbell, San Mateo; Frank S. Becker, Menlo Park; B. B. Martin, Redwood City.

Schedule Committee: Dante Dianda, Princeton; E. Tabbaco, Pescadero; Eric Alsford, San Gregorio; Richard McIntosh, Redwood City; Frank Cresta, Colma; Jack de Pallo, South San Francisco; William Morihan, East Palo Alto; Frank S. Bello, Half Moon Bay.

Staging Committee: Adam Lowry, Hillsborough; John Daly, Menlo Park; Percy Copp, Atherton; W. C. Baker, Burlingame.

The bouillabaise of Marseilles is the most famous of fish chowders.

STATISTICS

(Reported by County Clerk Elmore B. Hinman)

Notices of Intention

Giuseppe Magnacca, 52, and Mary Perkocha, 48, both San Francisco.

Starr Plunley, 31, and Christine Connolly, 36, both of San Francisco.

Marriage Licenses

Leon C. Wentz, 21, Redwood City, and Mariette S. Ring, 19, Palo Alto.

Ashley R. Farless, 58, and Eliza H. McCave, 48, both of Burlingame.

Granville C. Harmon, 28, and Irene M. Christensen, 21, both of Burlingame.

Divorces Granted

Mildred Louise from William D. Ramey. Extreme cruelty; maiden name of Mildred Louise Nolen and interlocutory decree granted by Judge A. R. Cotton.

Estate Filed for Probate

Estate of Albert F. Heorodt. Petition of Wells Fargo Bank and Union Trust Co. for probate of will. Value of estate in excess of $10,000.

The first Greek letter sorority, Kappa Alpha Theta, was founded at De Pauw University in 1870.

57 NIGHT SCHOOL STUDENTS ENROLL

Early Registration At Sequoia Urged By Principal

Fifty-seven adult students have enrolled in Sequoia night school classes, many for two or three subjects, it was announced today by S. S. Mayor, principal.

Students may enter the classes at any time, Mayo said. He made a request, however, for early registration as some subjects, such as current events, dramatics, home managements, lip reading, conversational French, German and Spanish, and public speaking are only offered when sufficient student interest is shown.

Fifteen teachers are carrying on the work Mondays, Tuesdays, Wednesdays and Thursdays.

The Mohammedan year is a lunar one, about 11 days shorter than the Christian.

How New U. S. Laws Affect Life of Man-on-the-Street

By WILLIAM S. WHITE

WASHINGTON, Aug. 29 (AP) — The lives of those millions of "average" Americans — laborer, farmer, white-collar worker—are going to be affected in general by about everything the late congress did, but by some actions they are going to be intimately touched in a direct dollars and cents manner.

Thirty millions of them, in almost every form of human endeavor, are designed to come under the social security measure—under its old age pensions and job insurance.

Another 30 millions—these on farms—are involved in a special manner in the AAA amendments designed to cure anything that might have been unconstitutional in the original act and thus to ward off a possible death blow by the supreme court to benefit payments.

The Bargaining Law

Other millions, industrial laborers in the main, will be affected—come weal, come woe—by the measure writing for this country a permanent industrial law to govern the ceaseless bargaining between labor and employer.

Again, in such measures as the act which turned over an additional $1,750,000,000 to the government for lending to citizens when they can't make the payments on their homes, the composite "average man" of whatever calling will have a positive stake that he can see with his eyes. In this measure, assuming loans continue at the usual rate of about $3,000 each, some 580,000 home owners stand to get help.

Many other new laws having something to do with the man in the street, but not so directly, are typified by the banking bill which centralized credit in a 12-man board with the government sitting in the driver's seat. The board is expected to hold a tight grip on speculation—a pastime, sometimes dangerous, quite as popular with the average man as anybody else.

Work Relief Bill

The $4,800,000,000 work relief bill doesn't touch every ordinary man's life but, designed as it is to take Americans off relief, it has a pointed meaning for some 20,000,000 men, women and children.

But the act of congress that more clearly than all others means something tangible and real to the great majority of citizens is the social security bill. Complicated, it nevertheless seeks to give answer to age-old economic questions.

Take John Doe, 25, who gets $200 a month and is good for another 40 years of work. Beginning in 1937 John pays into the government one per cent of his salary and an added one-half per cent every three years until the maximum of three per cent is reached. All this time John's boss pays the same amount on John's salary. At 65 John may retire on a pension of $71.25 a month.

Take Richard Roe, 55, who also gets $200 a month and figures 10 more years will be the end of the road for him as a working man. Roe, paying in at the same rate, will get $32.50 a month when he leaves the office for the last time.

Pensions Start in 1942

Take Joseph Blank, already beyond 65 and unable to work. In Joe's case he can't pay a payroll tax so there is a special system for his class, the government pays $15 a month and the states expected to match it. Thus Joe gets $30 a month.

The sort of pension that Doe and Roe will get won't start until 1942. Blank's help is due as soon as his state agrees to go 50-50 with Uncle Sam. Unemployment insurance can't be forecast so precisely, because it depends largely on what the states do. The government is levying a payroll tax, running to 3 per cent in 1938, to encourage the states to set up unemployment reserves.

The courts, as well as congress directly touched the ordinary citizen while house and senate were in session. The Frazier-Lemke bill giving a five-year moratorium against farm foreclosure; the NRA, designed to raise wages of millions of workers, and the railroad pension plan, affecting 1,000,000, went out, all held unconstitutional. A new railroad pension was adopted this session.

23 Greyhounds, Six Pups Cause Trouble

SAN MATEO, Aug. 27—San Mateo has one "dog-gone" trouble after another.

First there were six Great Danes. Then 10 Russian wolf hounds. And now 23 greyhounds, plus six pups.

It was about the greyhounds that Fred Dorbandt complained to Judge Arthur Stetson here today. The dogs owned by Max Ernst annoyed him with their barking and kept him from sleeping, he charged.

So Judge Stetson solved this problem by giving Ernst 48 hours to get the 23 greyhound and six puppies out of town.

Mrs. Anna Horstmann Dies in San Mateo

SAN MATEO, Aug. 28. — Mrs. Anna Horstmann, 89, widow of the late Henry Horstmann of San Mateo, died today in San Mateo.

A San Franciscan, she is survived by three daughters; Mrs. Ernest Baer of San Mateo and Mrs. Paul L. Scheer and Mrs. Anna C. Krase, both of Burlingame.

Daly City Defeats Building Program

Daly City will have no civic building program in the near future, returns from Saturday's election there indicated today.

By a two-to-one vote, Daly City residents defeated a program which contemplated an outlay of $100,000, proposed a $35,000 contribution by the city, the balance from PWA. The proposition would have boosted tax rates 60 per cent in order to raise the city's share.

Fire department improvements, a water system and a civic center were included in the program.

The vote was 932 to 464.

More than 247,000,000 copper pennies were produced during 1934 in this country.

Schools to Confer On Fiesta Program

The board of education of San Mateo county has set Wednesday, September 4 at 3 p.m. as the date for a meeting to be held in the auditorium of Central School in San Mateo for the purpose of making definite arrangements for school participation in the San Mateo County Products and Floral Fiesta to be held in October, it was announced today.

The Borneo proboscis monkey is believed, by some naturalists, to have been the inspiration for the "wild man of Borneo" legends. It is the only member of the monkey family with such a grotesque nasal appendage.

New Finkler Contest Considered By Judge

Emmet Brophy's attempt to reopen the contest over the will of the late Henry C. Finkler struck a stumbling block today when a motion to dismiss Brophy's new petition for probate of certain interlineations made in the will of Finkler was taken under submission by Superior Judge A. R. Cotton. The dismissal motion was made by B. Grant Taylor, supreme court clerk, and M. J. Purcell, through Attorneys Ross and Ross.

Although Brophy and other relatives of Finkler lost a supreme court contest of Finkler's will, they now seek to have probated certain amendments made in his will by the late Redwood City man.

In Finkler's will he bequeathed Taylor and Purcell all his estate.

FEES MAY SOAR

TOPEKA, Kas. (AP) — If present suggestions are carried out, not only Cupid's arrival but his departure will have to bear an increased tax burden in Kansas. Searching for possible additional revenue, the state research bureau legislative council suggests hiking marriage license fees from $3.50 to $4 and setting up a $2 fee for divorce registrations.

Thein Trial Set For October 28

Trial of Leroy J. Thein of Redwood City on a statutory charge preferred by a girl hitch hiker has been set in Santa Clara County Superior Court for October 28. Thein, arrested here for Santa Clara county authorities, is at liberty on $1,000 bail.

LICENSE SUSPENDED

BURLINGAME, Aug. 27 — For "reckless driving" Charles Doss of North Palo Alto had his driver's license suspended for six months when he appeared here today before Municipal Judge Rockwell L. Stone. He was arrested Sunday by police who said he was "zig-zagging" along the Bayshore highway.

We have told you often that our rates are among the lowest in the country.

•

Don't take our word for it.

•

The Federal Power Commission ranks us as being only 19th from lowest in the United States for 40 kwh of domestic use.

•

The national average rate for a kilowatt hour of electricity for domestic use is 5.3 cents. The P. G. & E. average is 4.4.

•

The national average for farm power is 2.8 cents per kwh. Our average was 1.8 cents in 1934.

"Kilowatt" is a mysterious term to many. It's a unit of power, equaling one and one-third horsepower or the power of ten men.

A kilowatt hour isn't a time hour. It's the time consumed in using a kilowatt of electric energy.

ONE KILOWATT HOUR EQUALS { A horse and a pony working together for one hour / or / One man working for 10 hours.

REMEMBER the first vacuum cleaner you ever used? Right then you put kilowatts to work. (Think of them either as horsepower or manpower.) Right then you decided your days of sweeping with a broom were over for all time. Electricity is, no doubt, doing the hard work of many other jobs in your home, because it does them easily and well for little money. Even a few pennies (that's little money, to be sure) will do a lot of scrubbing, beating, rubbing and churning when it hires electric servants.

4.4c for electricity will scrub 4 tubsfull of clothes, and in addition will beat batter for 2 dozen cakes, sweep 6 room-size rugs, and turn a sewing machine for an afternoon of dressmaking . . . **Honestly, doesn't electricity work cheaply?**

Even in the Orient, where labor is the cheapest, you can't hire a household servant to work ten hours for several times 4 cents.

Stine, Notre Dame Star, Death Victim

PALO ALTO, Aug. 27—Raleigh J. Stine, former Notre Dame football star, went to join his coach, Knute Rockne, today.

He died at the Yountsville Veterans' Hospital where he had been taken from Palo Alto two weeks ago. A bookkeeper, he is survived by his widow and three children, residing at 920 Middlefield road.

Mr. Stine played tackle on the Rockne-coached teams which produced gridiron stars now noted as coaches. There were Maurice "Clipper" Smith of Santa Clara University; Gene Murphy of Portland University; Jim Phelan, coach of the University of Washington; and "Hunk" Anderson, North Carolina University mentor. Another of Mr. Stine's teammates was George Gipp, "immortal" among gridiron aces.

CITY PENSION URGED

SAN MATEO, Aug. 27—Creation of an old-age pension fund for city employes of San Mateo to be voted at an election in 1936 was one of the recommendations made to the city council by a citizens' committee last evening. It also recommended that the county be asked to pay a large share of the cost of extending the fire alarm system to the San Mateo County Community Hospital.

Garage Burned But Barn Saved On Flower Farm

Answering their first call in two weeks, local firemen Saturday at 6:30 p. m. were able to keep a flaming barn on the J. R. Lopez ranch in the north end of Redwood City from being destroyed, but got water too late to halt the flames in a frame tin-roofed garage, which burned to the ground.

The ranch was rented by Japanese, who are raising chrysanthemums.

Origin of the fire could not be determined. Occupants of the ranch were mystified as to its cause. Kerosene kept in the garage exploded from the intense heat, but no one was injured. The only automobile kept in the garage was out at the time.

Other buildings, including a frame house, "got warm" during the fire, but were saved.

Nearly 2000 feet of hose had to be laid to fight the blaze, since the buildings are some distance off Stafford street.

County Fire Warden Bert Warder's equipment also answered the alarm, but was dismissed by Fire Chief Mark Ryan when it was learned the fire was just inside the city limits.

No insurance was carried on the buildings, Mrs. Lopez reported.

The words "United States of America" may be expected to disappear soon from the postal paper of the Philippine Islands.

Lamson Retrial To Be Shorter Counsel Decides

Three decisions bearing on the David Lamson murder case were reached on Monday at a conference of Defense Attorneys Leo Friedman and E. M. Rea in San Jose.

1. The defense definitely decided to ask for a change of venue from San Jose, where two previous trials have been held.
2. Efforts will be made to cut the time of the third trial so that it will not last longer than two months at the most.
3. Less expert testimony will be introduced.

Mother Mary Healy Dies in Menlo Park

MENLO PARK, Aug. 27.—Following an illness of two months, Mother Mary Healy of the Sacred Heart Convent here died last night.

A native of Illinois, she had lived here for the past 10 years. Funeral services will be held tomorrow in the convent chapel and will be followed by burial in the convent cemetery.

Because of the roughness of cowboys' riding and the uncertainty of their mounts, they must ride with their feet far in the stirrups, and the high heels prevent their feet from slipping through.

"BACK TO SCHOOL"

Are you all set to meet the noon-time siege of your youngsters on the larder? There's extra need now for good nourishing luncheons . . . to keep them going at top speed . . . to keep their young bodies growing.

That's why we're featuring a great variety of fine foods for the children, all this week.

Check over these values. Lay in a supply of the peanut butter, jam and jelly—the things that "hit the spot" at luncheon time and are good for the kids.

TRY THIS MONEY-SAVING PLAN

Investigate all the other values we're offering, too—at our regular low prices. Note that you can save real money—not just once in a while, but every day.

Do your food shopping here for only one month. Then compare your total food bills with those of any previous month. Your Safeway grocer will have saved you many dollars—during the 30 days' test. Why not start it at once?

SAFEWAY PRODUCE

How different from fruits and vegetables sold in most stores!

Ours are the prime, flavorful melons . . . crisp, solid heads of lettuce . . . plump, ruddy tomatoes . . . a host of luscious fruits. The season's choicest, really garden-fresh.

And that's not simply say-so. Our produce is guaranteed to please you — with its fresh-picked excellence, its finer flavor. But you should check up personally to see just what we mean by Safeway quality—and to find out how low our everyday prices are.

Third Hearing In Scott Case Is Postponed

Engineer Appears Safe In Office, Payless, For Five Months

Continuance of the week's third and final court hearing on the county engineer controversy this morning apparently paved the way for Carl R. Scott to remain in office, without salary, for the next five or six months.

Urban S. Marshall's complaint for an injunction against Scott and Sheriff James J. McGrath was the one postponed by Superior Judge A. R. Cotton.

Like yesterday's San Jose action, the case was continued until 30 days after effective date of a decision in Scott's appellate court suit to determine title to the office, and—incidentally—determine whom shall be paid for the engineer's work since April 29.

Judge Cotton continued the case upon motion of Attorney Joseph J. Bullock, representing Marshal. Bullock was accompanied to court by Attorney Gerald Hallinan.

WILSON FIGHTS MOVE

Scott's counsel, Attorney Ernest Wilson, opposed the move, asking that the case be continued only until September 3. On that date Judge R. R. Syer, who heard yesterday's action, is scheduled to sit in the local court in connection with the San Mateo Pedersen dog case appeals.

Previous to the morning hearing, Attorneys Wilson and Fred W. Comba on behalf of Scott and District Attorney Gilbert Ferrell on behalf of Sheriff McGrath had filed demurrers to the Marshall injunction action. Because of the postponement, Judge Cotton did not rule on the demurrers.

MAY DECIDE SOONER

While Scott appears safe for the next few months, the appellate court case might be decided sooner.

Last Monday the high tribunal gave counsel for Scott and Marshall 15 days in which to file briefs. The court then has as much as 90 days in which to consider the briefs and render a decision, which does not become effective until 30 days later. Judge Syer's order continues Scott's restraining order against the county of San Mateo, its officers, employes and agents, in full force after that time for 30 days.

Hospital and Relief Addition Doom Project

Attempt to Increase Bond Issue Brings Opposition to All

Surrendering $170,000 in gifts which would have called for the county to put up $270,000 to complete the projects, the board of supervisors today rescinded plans to submit the courthouse wing and two other proposals to the voters this fall.

The courthouse annex, which would have cost $180,000, of which $80,000 would have been contributed by the federal government, was doomed by hurried attempts of county officials to put the relief home addition and tubercular hospital proposals on the same ballot.

Support was lacking for the two new proposals, but several of the supervisors, by an attitude of "vote for all three or don't vote for any," rejected the courthouse along with the others.

The final vote was 4 to 1, with Supervisor John Poole, Redwood City, voting against the proposal to kill the courthouse election.

Supervisors Walter High, Burlingame, and Albert Witt Jr., Colma, insisted that all or none of the proposals go to the public.

Supervisor Fred Beer, San Mateo, made an appeal for the courthouse annex on the ground that it would save the people $80,000. He then voted against it.

LEGAL

NOTICE OF TIME SET FOR PROVING WILL, ETC., AND APPLICATION FOR LETTERS OF ADMINISTRATION WITH THE WILL ANNEXED

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the matter of the Estate of CLARA J. TURNBULL, Deceased.

Notice is hereby given that a petition for the probate of an authenticated copy of the will of Clara J. Turnbull, deceased, and for the issuance to Samuel L. Wright of letters of administration with the will annexed has been filed in this court, and that Tuesday, the 10th day of September, 1935, at 10 A. M. of said day, in the courtroom of Department 2 of said court, at the Courthouse in Redwood City, in said County of San Mateo, State of California, has been set for the hearing of said petition, when and where any person interested may appear and contest the same, and show cause, if any they have, why said petition should not be granted. Reference to said petition is hereby made for further particulars.

Hearnes Are Parents Of Baby Daughter

James P. Hearne, Redwood City merchant, was receiving congratulations today on the birth of a baby girl to Mrs. Hearne at the Mills Memorial Hospital last night at 9 o'clock.

The new arrival weighs six and one-half pounds and has been named Donna May Hearne.

Both mother and daughter are reported as "doing nicely" by Dr. Harry E. Mason, attending physician.

Cincinnatus Nominee Is Local Resident

Although he maintains legal residence in San Francisco, Joseph C. Sharp, one of the four San Francisco supervisor nominees of the New Order of Cincinnatus, has a home in Redwood City on Whipple road. Sharp, who is 37, is an attorney and legal advisor to several labor unions.

The eggs of the seahorse are carried by the male.

Scorpions were already in existence in the carboniferous period and there is no essential structural difference between these fossils and existing forms.

Board Approves $1.05 Per $1 00 As County Rate

Expenditures Allowed Call for $292,500 Over 1934-35

San Mateo county's previously announced rate of $1.05 per $100 for 1935-36 was confirmed today by the board of supervisors at an adjourned meeting after protests of taxpayers for further reductions were overruled.

The $1.05 rate represents a reduction of 17 cents, 6 mills under that proposed by the board at the first public hearing. The reduction was made by revision of the budget and the correction of errors, but not by removing any items of expense.

Expenditures allowed in 1935-36 call for about a $292,500 increase over what government cost in 1934-35. The new budget totals $1,332,355.54 as against expenditures last year of $1,039,855.09. Sources of expenditures have been previously disclosed and compared.

Edward Harrison, one of the executives of the new Civic League, expressed appreciation to the board for the reductions. He said the league would seek to have the same spirit of cooperation shown during te year to build up balances to aid with further reduction next year.

Opposition to the rate as "too high" was expressed by Mrs. Ella Chase and Jack Reuter on behalf of the Taxpayers League.

LEGION CALL 10 BLASTS

If you think the local fire whistle has gone berserk sometime, but if it finally stops after letting out 10 blasts, be not alarmed! It is only the American Legion's new disaster call, arranged by agreement with the fire department.

MOFFETT AIRBASE GETS INSPECTION

Future of Airplane Activity There Is Uncertain

The annual inspection of Moffett Field's personnel and equipment was being made today by Rear Admiral Edward H. Campbell, commandante of the Twelfth Naval District.

The proceeding has no relation to the future of the station, officers said, being a routine matter in which the chief of this district visits the station as one of the units under his command.

No word has yet been received as to future visits of carrier planes or as to the general future of the station as an operating airbase, according to Lieut-Comm. John H. Chapman, executive officer of the station, though some definite word is anticipated in about six weeks or two months. Recommendations on the matter are now being prepared by the commander-in-chief of the fleet, Admiral Joseph M. Reeves, for submission to the chief of naval operations, Admiral William H. Standley.

While the extra lighting equipment now being installed on the airplane landing field will be a boon to naval flying operations there this winter, it has no immediate significance at this time, officials said, it being carried out under an old project approved some time ago.

20 MEN SCOUR LAKE COUNTRY FOR MECHANIC

Not Even Footprints Of Ted Kroecke Discovered

Twenty employes of the Spring Valley Water Company, scouring the company's San Mateo county property in the Crystal Lakes' vicinity this afternoon, had found no trace of Ted Kroecke, 26-year-old San Bruno garage mechanic lost since he left the Eagles picnic Sunday.

Not even a footprint has been located which might reveal whereabouts of the missing man, according to Sheriff James J. McGrath and Undersheriff Lawrence Nieri, who have been directing the search.

Last clue to Kroecke's whereabouts was the discovery of a horse he had rented from a riding academy tied to a fence near the Skyline boulevard.

Officers believe he may have hitch-hiked a ride out of the county, and have broadcast descriptions of the man over the state by teletype.

Kroecke was the third San Mateo county man in the past two weeks to be lost in the outdoors, one of the other two, Harry O'Brien, having been found dead after an 11-day search, and the other, E. W. McLellan, having died of pneumonia resulting from exposure suffered when he fell into a ravine while hunting.

Officer Beheaded As Spy in Berlin

BERLIN, Aug. 29 (AP)—The silk-hatted executioner of Pletzensee prison swung his ax for the third time this week when at dawn here he beheaded Lieut. Mueller Heinecke of the aviation corps, convicted as a spy.

The officer was one of many sent to the block on charges of betraying military secrets.

The same headsman Tuesday executed Frau Charlotte Jeunemann, convicted of starving her three infant children, and Willy Gehrke, robber and killer.

Few New Illnesses Reported in County

An almost perfect health record from the standpoint of new cases was reported for San Mateo county today by Dr. Charles C. Gans, health officer, who was notified of four new cases of tuberculosis at Belmont (three non-resident); two cases of scarlet fever at San Mateo; one case of whooping cough at Millbrae, and one case of tuberculosis at San Bruno. Burlingame had three cases of whooping cough, one of scarlet fever and one of food poisoning.

Harry A. Hopkins, chairman of the California Highway Commission, will be the guest speaker on the State Chamber of Commerce March of Progress Program over station KGO at 8 o'clock tonight. Mr. Hopkins' subject will be "The Duties and Responsibilities of the Highway Commission."
